

## Seal-It™

The Seal-It Impulse Bag Sealer is a quick, easy and clean way to seal your samplers and equipment in plastic lay flat tubing.

- Ensure clean samplers remain clean until they are required for use.
- Seal used samplers so they do not contaminate clean areas on their way to the wash area
- Ensure the integrity of your samples - samples that are sealed in a bag can not be contaminated or adulterated on their way to the testing laboratory.

Cut the lay-flat tubing to length & seal one end

Place the item to be sealed in the bag

Seal the open end of the bag

Label the bag with a UA Label

Items secured and ready for storage

Part No.	Description
